

Family Support Services

Queens Only

Non-Medicaid Case Management

Non-Medicaid case management services will assist families in obtaining Office of People with Developmental Disability (OPWDD) eligibility and all of the services needed to better the life of your family member. The Non-Medicaid case manager will also assist you through the Medicaid waiver process which will allow you to get long term care services for your loved one.

Transportation Reimbursement

Your family member will be reimbursed if using a personal vehicle from your residence to your medical appointment, recreation activities, programs and/or other, then the return to your home. In order for the family to be reimbursed, he/she will need to complete a trip mileage form. Funds are limited and issued on a first come basis.
